(Introduce yourself and ask for the operator. Rephrase the following in your own words.) "I am working on a National Agricultural Survey in which farmers are asked to provide information on the crops they are growing in 2013. The purpose of this survey is to provide data for estimates of the areas of crops being grown in Rwanda this season. Individual reports are kept confidential. The area of land shown on this map has been selected for this survey. (Show respondent photo or map. Point out segment boundaries, roads, streams and other identifying landmarks to help the respondent become familiar with the segment).
